Title: Need to construct over bridges under East West corridor on N.H. 8-B linking Gondal-Rajkot-Wankaner Boundary in Gujarat.

DR. VALLABHBHAI KATHIRIA (RAJKOT): The six-laning work is going on NH-8 B from Porbandar to Rajkot to Wankaner Boundary, under East West corridor development project. From Gondal to Rajkot bypass and Rajkot bypass to Wankaner Boundary the four laning was already done by state Government under another scheme, so this work is not included in E-W corridor project. But there are no over bridges as per E-W corridor norm at Gondal bypass, Ribda Chokdi, Shapar, Veraval crossing. Navagaon Maliasan & Kuvadava crossing which may be included in the project. It is requested to consider the above request.
